Principal's Message

W. C. Taylor, B.A., B.Ed.

Again it is my pleasure to congratulate the Tatler Staff and the Teacher Advisers who have made an excellent production in the 1964 yearbook. We all realize that this requires a great deal of organization and attention to detail which is all done voluntarily by the teachers and pupils concerned. I would like to express my appreciation for a job well done.

At the time of writing, I feel that we are having a very successful year. We have had many obstacles which make it difficult for the school to run efficiently. The main difficulty has been the fact that we are over-crowded. The classes are too large and many of the teachers have been required to rove from room to room to find a place in which to teach. With the added numbers of students in the school it means crowding in the halls, the lunch area, and the library, and leaves us with no leeway for extra space to handle any added needs. Despite this situation, you, the students, and the teachers, have adapted yourselves to the situation and have

gone about your individual tasks with such a cheerful manner that it is remarkable. I am deeply sincere when I say that I do appreciate this splendid co-operation that has been given this year. No principal could ask for more.

The new teachers who have come to the Collegiate this year and whose pictures appear for the first time in the yearbook, I bid you welcome and trust that you have enjoyed your year on staff. To the teachers who will be leaving us this year, I wish you well in your future endeavours and trust that you will carry away kindly thoughts of P.C.I.

For the students who are completing their education at our school, I offer you my best wishes for continued success in your future employment or further training. I sincerely hope that you will carry away the benefits of a sound education and a mature attitude which we have tried to give you while you attended this school. We ask you to keep in touch because, at all times, we are interested in what you are doing and how you are getting along.

SENIORS

GRADE XII VALEDICTORIAN

KEITH GLENNIE

Mr. Chairman, Honored Guests, Teachers, Parents, and fellow students. I feel honored indeed to have been chosen valedictorian for Grade XII. This is an especial honor for me, since I entered the Collegiate only last fall. On behalf of my fellow students I will try to express our feelings on this, our Graduation Night.

The word 'graduation' is derived from 'gradus-a step' or 'grade' and implies that we have overcome obstacles to reach the top of a steep incline. From this vantage point we feel a heady sense of victory at having reached one goal. But this is just one step in a systematic progression toward one's ultimate goal. New and unusual tasks will challenge our highest skill and intelligence. The constant effort necessary to meet these challenges will require our best initiative and moral stamina to stick to the job until it is finished.

Probably the most important lesson we have learned in the past four years is to be "dissatisfied". The progress of mankind has rested with those courageous men who have dared to be different. Now it is our turn to face old problems with a new approach.

We are fortunate to live in an age when it is possible to obtain a large measure of comfort and security. Advances in transportation and communication have gone forward at a fantastic rate. At the same time competition to secure jobs has in-

creased. Each new group of graduates faces keener competition than the preceding one.

To whom are we indebted for the skill and knowledge to seize the opportunities presented to us, and to carve out careers satisfying ourselves, and at the same time useful to the communities in which we live? First of all, to our parents. For every successful student there are parents or loving guardian in the background. They have provided the guidance, food, shelter, and recreation necessary for happy, health development. With judgment born of experience, they have nudged us on when we needed encouragement, and have been patient when we wanted to do things better left undone.

For this step of progress toward university or business careers, we owe a debt of gratitude to a host of teachers who have broadened our knowledge, encouraged us to think, tested our judgment in class debate, and helped us to equip ourselves with the skill necessary to make the grade. We are grateful to you, our teachers, for helping us to achieve this measure of success.

Tonight our minds are filled with happy memories of the years at the Portage Collegiate. Our hearts are filled with gratitude. Our grateful thanks to you teachers and parents for helping us to achieve this important step towards our ultimate goal. Thanks to you, our heads, hearts, and hands reach forward with eagerness to accept whatever challenges life has to offer.

GRADE XI VALEDICTORIAN

VAUGHAN GREENSLADE

Mr. Chairman, Honoured guests, Teachers, Parents, and fellow students. Graduation is a happy occasion. Tonight our thoughts are bright with hopes for the future, but mingled with our happy thoughts are sad ones because we are parting with old friends.

Although our future is yet undecided, our days at P.C.I. are almost over. However, we will treasure the many memories that we have gathered within its walls — field days, school dances, Literary programs, and just mingling with friends. But probably most of all, we will cherish our Tattlers — a lasting souvenir of our school days.

To our teachers — we offer you our sincere appreciation for the arduous task that you have undertaken in guiding us through these important years in the Collegiate.

To our parents who often by self-denial and sacrifice and by their guidance and understanding have made our education thus far possible, we owe a great deal. To you we extend a humble "thank-you".

We all know the old proverb "Faraway pastures look green", but as we near maturity this old proverb takes on a newer and different meaning for us. We now realize that if the grass is greener in the next yard, it is because someone has worked harder to make it that way.

As we go along life's pathway, let us bring out the best that there is in us. Let us strive for that which is ideal and with strong hope and with good faith behave honourably and perform faithfully the tasks set before us.

GRADE XA — ROOM 4

Comprised of thirty-four brilliant students, XA under the supervision of Mrs. Hatlelid is a class well worth remembering. Richard, our all-round athlete, stars in both football and basketball. Steve also plays for the Trotters and is one of our top science students. Our blonde, Janet, and Marilyn, our brunette, play on the Pats. Our one volleyball player is Pat. Our brain power is divided among Monika and Edith who excel in mathematics, Harvey and Garry who are our scientists, Linda and Brenda who top the list of Latin students, and Carol, Vera, Marjorie and Penny who do well in all subjects. Our room is blessed with Larry Muirhead, the one member on the Lit. executive. Seated in front of Larry is Dennis, famous for his blush and his outbreak of laughter while reading aloud. Larry,

the looper, who has the knack of asking the most involved questions, keeps Dale busy dreaming up involved answers. There are a few normal, quiet, hard-working individuals in our room. Among them are: Cliff, Sharon, Barry, and Cheryl. In contrast we also have a talkative few: Robert Marshall, and Don who keep the teachers on their toes! Lending their voices for the enjoyment of the school, our choir members are: Alison, Wendy and Susan. Coming last but not least to our gifted class, are Marion, George, and Randy. Leslie, our cheerleader and room rep. is Jim's favourite victim for his witty remarks. We hope that not one of our XA's will be left behind when we go on to grade XI.

GRADE XB — ROOM 6

Meet the class of X B.
 For nineteen hundred and sixty-three,
 Mr. Tole teaches us French,
 Oh how he wishes we weren't so dense!
 Maureen, Ruth, and Gloria are our brains.
 To make no mistakes they take great pains.
 Little Geoff Clark hails from the Port,
 Carolyn Askin's the girl he'd like to court.
 Addy Ryngach is a star Pat,
 Athletic ability she does not lack.
 Our room rep. Jo-Anne Peakin
 On the rural line is usually speakin'
 To Ione Rutledge with the russet locks,
 Who always talks and talks and talks!
 Our cute brunette Valerie Hay,
 Curls for Bob every second day.
 Our other room rep. Grant Sissons
 Sometimes works (?) but always listens
 To the jokes of Mervin Dahl,
 Who this year managed the Trojans all.

Here come our inseparable three:
 The Carols two and Joan Belinski.
 Larry, Don, and Alan form that alliance
 That asks those really deep questions in science.
 Tall and blonde Marlene Nicholls
 Provides us with our funny bone tickles.
 Eva and Gwen are our two quiet girls
 Eva plays basketball and Gwen curls.
 Phil and Pete are never quiet back there,
 And sometimes poor Phil falls right off his chair.
 Evelyn, Shirley, and Colleen
 Study hard for answers keen.
 Two jovial boys are Bill and Dennis,
 But neither of them is really a menace.
 Bob McCallister and Frank are never heard
 Simply because they never say a word.
 Bob, Tony, and Terry by the boards do sit,
 And Calvin Mulligan has real Irish wit.
 Last but not least is Rick so tall
 And this for X B, my friends, is all!

MISSING: Bea Akkerman, Brenda Baskier.

GRADE XC — ROOM 8

Our class consists of 33 devils or are we darlings? Well that is what Miss McLean, our beloved home room teacher, calls us. The noisiest corner of our room consists of Walter Ediger, Linda Gail Forsythe, Frederick Bulback (the reason why teachers retire), Patti Anne Dyer (Merv's favorite), Trudi, our prettiest female, and Evelyn Friesen, who just moved here. During math and history, Bruce and Betty can be found asking Mr. Smith and Mr. Lysecki funny questions. The best-mannered boy is definitely Paul Hall. A moan and a groan and a yawn signify his presence. Michelene, Linda, Brenda, Dianne, and Janice make up the quiet part of XC and always have their homework done. Miss Frances Mai Little who sits under the teacher's nose, is the senior Girls' Sports Editor besides the best boy-chaser of XC. Misterys Roy, Janaway, and McLean do nothing but talk of the

fairer sex in Mr. Lysecki's class. Cheryl Clow, Lynn Carson, Joyce Raymack, and Linda C. discuss such topics as Don Galbraith, Ron Popko, Doug Philips, and Peter Hochbaum. Our greatest snake is definitely Gordon who loves chasing girls at recess. James Meikle enjoys gossiping with Raymond Hopke across the aisle about something mysterious, while Pat Sanderson, our redhead, dreams of her steady, Russell Strutt. Our two Indian School students are Jim Spence, and Henry Nazzie, who usually have their homework done. Another quiet corner consists of Howie Nickels, Ron Wilson, Fred Gumowsky, and Irvin McCallister. Bea is the Halo Blonde of XC and is usually giggling with the class. Besides being very talkative, Gordon Cuff and Bea Akkerman are the room representatives.

BACK ROW: Eric Turko, Bob Chepil, Ted Montgomery, Charles Owens, Gary Winistock, Gary Gunthorpe, Jerry Shyiak, Dave Sommers, Peter Bird, Bill Campbell.

CENTRE ROW: Alma Wood, Lynda Johnston, Kathy McDermid, Ann Overton, Donna Sexsmith, Alana MacIntosh, Eddy Ford, Don Ianson, Bob Mulvey, Henry Bruinooge, Ken McCulley.

FRONT ROW: Isla Harper, Linda Thompson, Darlene Stephenson, Sheryl Williams, Anne Schimmel, Bertha Flett, Jean Michaluk, Sherrin Webb, Ellamae Orton, Jean Hepner.

MISSING: Betty Scott, Tressia Houle.

GRADE XD — ROOM 12

Our class is known throughout the school
 As thirty-three kids who are real 'kool'
 Each long day we pass the spaces
 With laughing eyes and happy faces.
 Ann, Darlene, and Betty Scott
 Are three girls who talk a lot;
 Ann Overton and Sheryl Williams boast
 That Gary Gunthorpe loves them the most;
 Don Ianson is one who likes to dream
 Of his secret flame, Carla Beam;
 Henry and Dave haven't much to say
 But they'll surprise us all someday!
 Jerry Shyiak sure didn't linger
 To get Susan Spence around his finger;
 Ken and Charlie, our noisier two,
 Are forever making our teacher blue.
 Linda and Kathy who really aren't so shy,
 Always give Bob and Bill the eye.
 Peter Bird and Isla Harper
 Spend their time at the pencil sharpener;

Ellamae Orton takes a lot of notice
 Of her idol, Mr. Protis;
 Bob and Ted are a mischievous pair—
 And pass each day without a care;
 Little Eric hasn't a comb
 And Sherrin leaves her books at home;
 Alma Wood, a petite pretty lass
 Sits quietly all day in class;
 Jean and Tressia, a talkative pair,
 Declare each space a 'National Spare'.
 Bertha and Linda at the top of the class
 With their marks this year, they're sure to pass.
 Jean Hepner hasn't time for fun
 She's always getting her homework done;
 Alana and Ed, smart, good-looking, popular, honest,
 and fair;
 My aren't we the Conceited Pair!
 Now our class would like to feature
 Mrs. McIntosh, our favorite teacher!

BACK ROW: Tom Bedford, Ray Nicholls, Jim Matheson, Doug Fraser, Cam Olson, Ron Owens, Brian Post, Don Muirhead, John Pearson, Allen Carroll, Bill Carmichael.

CENTRE ROW: Margaret King, Anita Drohan, Nancy Green, Cheryl Wyatt, Beverley Zatina, Lynda Henderson, Linda Stoneman, Gayla Rosenthal, Doug Ianison.

FRONT ROW: Heather Hextall, Lynn McLachlan, Hazel Swain, Heather Berrington, Nancy White, Judy Wright, Amy Brock, Virginia Williams, Lorraine Sulima, Allen Middleditch.

MISSING: Janice Pelechaty.

GRADE XE — ROOM 25

Mirror, mirror on the wall,
Who are these kids we see having a ball?
The representatives of this group are easy to distinguish,

Hazel Swain, a cheerleader is. (No wonder she's such a silly kid!)

And as for **Wigi Carmichael**, well, that boy . . . he's a Trojan.

Heather Berrington plays on the Pats

And **Doug Fraser** on the Trotters.

Heather H. has the loudest laugh in class,
And as a pal she's sure to pass.

Tom and **Allen C.** are sharks in pool,
It's too bad they can't do as well in school.

Ray thinks horses the greatest thing,
Cause when he's riding he feels like a king.

Virginia and **Amy** are the two class mice
But we must admit that they're both very nice.

Jim, **Don**, and **Cam** are the shy guys in our room,
But the fate of women will soon be their doom!

Now we see **Nancy G.** at the head of the class,

Cheryl and **Linda** — there's no doubt that they'll pass.

Judy and **Nancy** are chicks from the Port,
And boys are glad to be their escort.

Ronnie Owens may be small,
But to the girls he is a doll!

Doug I. and **Allen M.** are much the same —
They both have recess on the brain.

Anita Drohan is in the choir
It being one we all admire!

Lynne and **Lorraine** who are far from shy
Spend their time giving boys the eye,

Bev. and **Marg** are much the same —
To pass grade IX is their aim.

Linda and **Janice** are never heard,
Because they never say a word.

To be a teacher is **Gayla's** aim,
Her students she'll try hard to tame.

Listen! Hear a late locker door slam?
It's **Brian P.** trying to catch up to the clan.

Now you've met them all but one;
With **Mr. Wilkes**, our work is done!

BACK ROW: David Doherty, David Lethbridge, Armand Beauchamp, Jack Harper, Bill Hamilton, Gerry Wilson, Barry Christianson, Gerry Mack, Vern Ogilvie, Terry Gallagher.

CENTRE ROW: Jo Ann Preston, Linda Nodrick, Joyce Stewart, Carol Grymosloski, Pat McNeill, Jack McLean, Garry Julkerson, David Zaroski, Terry Rafter, Bob Tully, Allan Rollins.

FRONT ROW: Irene Welton, Lynda Gillam, Susan Bailey, Judy McCulloch, Sharon Hobbs, Michelle Glaab, Marlene Assiniboine, Mervin Hewitte, Murray Pratt.

MISSING: Sandra Hutchinson.

GRADE XF — ROOM 7

The letter F stands for “fabulous” and “fun-loving”, so . . . we present our 10F class to you!

Every day one can see Carol Grymosloske and Joyce Stewart and Jo-Anne Preston chattering in the hall. Their favorite topic is BOYS — such as our handsome Arden B. Christianson. They also have their eyes on Jerry Mack, but he has his eyes on a certain 10G girl. Perhaps our quiet girl-haters David Doherty, Bob Tully, and David Zaroskie could take some lessons from him!! On the other hand, our studies are important, and we could follow the example of our hard workers Irene Welton and Sharon Hobbs. In our class, there are a few real characters — Judy, and her companion Susan Bailey, Diana Gilroy, and Sandra Hutchinson. Our adventure seeker, Terry Rafter, spends his time with that blushing Allan Rollins, who is the subject of Michelle’s attentive gaze. Terry Gallagher is their inseparable pal who is always putting on

a condescending disguise. The Maths brains, Jerry Wilson, Armond Beauchamp and Jack McLean, spend their time, not at maths, but flirting with certain girls, such as Pat McNeill. Our two friends, Marlene Assiniboine, president of the Indian School, and Jack Harper, whose favorite pastimes are Bertha and curling, come from the Indian Residential School. The little chatterbox, Linda Nodrick, who enjoys flirting with the boys, writes to her steady boyfriend in Winnipeg. Bill Hamilton, another Romeo, spends his time with S.H. Our second red head, Garry Fulkerson (alias Jost) is a real swinger from the port. Murray Pratt, Mervin Hewitt, Dave Lethbridge and Verne Ogilvie all like to be called “tall, dark, and handsome”. These four are also the gum-chewers of our class. To represent this fascinating class, we have Lynda Gillam and Garry Fulkerson as room reps. All together we make up a fine bundle of joy for our home room teacher, Mr. Janzen.

BACK ROW: Bill Moran, Leslie Kowalski, Kent Owens, Wes Kane, David Smith, Tom Howe, Steven Glabb, Ronald Henderson, Don Young, Jim Olsen, Rodney Errett.
 CENTRE ROW: Phyllis Shewchuk, Barbara Inglis, Judy Smith, JoDee Carmichael, Lynn Johnston, Susan Brooker, Marilyn Mason, Elizabeth Sherritt, Nancy Cousins, Bob Zimmerman.
 FRONT ROW: Linda Cook, Maria Peden, Penny Tanchuk, Maureen Gardiner, Lana Hughes, Murdean Garnham, Sharon Wood, Bonnie Love.
 MISSING: Barbara Cruickshank.

GRADE XG — ROOM 27

In this poem, you will see
 The many kids in our XG;

Bill Moran and **Lyn Grassie** are a pair;
Nancy Cousins dreams of **Gordie**, she's his lady fair;
Bob Zimmerman's ambition is to keep on growing,
Maureen Gardner always makes a good showing;
 Two girls: **Phyllis Shewchuk** and **Merrilyn Mason**
 After romance are always chasing;
Stephen Glabb and **Ron H.** are real nice guys,
Tom Howe too. (We're telling no lies.)
Lynnie Johnston, a redhead, dreams of Rick.
Penny Tanchuk, another, is a very cute chick;
JoDee Carmichael, our Social Editor, is in love with Mo,
Barb Inglis with her fine clothes always makes a nice show;

Behind **Lana Hughes** sits "**Riot**" **Rod Errett**,
 If they think of a funny, you can bet that they'll share it.

Maria Peden and **Murdean Garnham**.

Bonnie Love, too, we find these girls charming;

Leslie Kowalski and **Susan Brooker**,
 She likes **Jerry** and he likes snooker;

Kent Owens and **Wes Kane** are a couple of clowns.
 From their corners come crazy sounds;

Jim Olsen and **Don Young** keep some of us quiet.
 While **David Smith** alone is a small riot;

Judy Smith who's tidy, and **Sharon Wood**

Constantly flirt, but no more than they should;

Barb Cruickshank haunts **Dick's** and the weekend dances,

Linda Cook, also, makes the most of her chances;

Our room rep and favorite is **Liz Sherritt**

Who marks and boys surely does merit.

To someone however, we are quite delightful,

Our home room teacher, **Miss McMichael!**

GRADE XH — ROOM 11

Mr. Alisch is the supreme head of our brilliant General Course Classroom. As we look over these intelligent faces, we discover city-folk, farmers, farmerettes, an inhabitant of Southport, as well as some students from the Indian Residential School.

Our city folk include Tom Burton and Carlene Tilley, our room-reps; Darlene Higgins with her award-winning laugh, Linda Jackson our classroom flirt, Joyce Wolchuk, our horse-loving gal, Ed. Martens who tries to be the ladies man, while Lori Mucha, as we all know, has Harvey O. as her beau. Doug Robson's one of the shy guys of P.C.K., whereas Diana Zdan is not quite as shy, and almost everyone knows the reason why. Gregory Von Sprecken, the hard working fellow of X H, is always winkin' at Marlene Mattice, the gal who shyly refuses his beckon.

And we have our country-cousins, the first of whom is Bob; although he fights with Avend Jorgensen, he's always on the job. Allan Carlisle is a farmer by heart and loves football, in which he takes part. And then along comes Carla, who causes quite a scene. She is our gorgeous country gal, who's always on the Beam. Ken Larkins is a quiet guy, and he and Sharon are very shy. Betty Wentzell, a hard-working student can oft-times be sharpening her pencil.

Charlie plays the Romeo with Maria and Bernice. Though Charlie likes to tease, he also likes to please Maria and Bernice. Lloyd and Barbara can be seen together even through the worst of weather.

Don Galbraith, our inhabitant of Southport, has departed from us. He will be residing in Vancouver, Gary Isenor, who hails from Alberta, is our new-comer.

BACK ROW: Terry Connor, David Hart, Richard Jupp, Jerry Buzan, Brian Ogilvie, Mervin McCorrister, Edward Flett, Tim Wasicuna, Wayne Egan, Gary McCowan.
 CENTRE ROW: Tom Trimble, Craig Kirkland, George Gordichuk, Andy Stevens, Alex Connor, Bob Olynyk, Irwin Murdock, McIvor Murdock.
 FRONT ROW: Georgia Johnston, Susan Spence, Terry Cuthbert, Donna Lenton, Sharon Smith, Arlene Loeppky, Helen Scott, Anthony Buck.
 MISSING: Joe Kalajeski.

GRADE X-I — ROOM 9

Our room has a population of twenty-seven students. Our room teacher, Mr. Lysecki, finds us an interesting and amusing class. (Sometimes too amusing).

In our room are five rather quiet boys from the Indian Residential School, namely, David Hart, Edward Flett, McIvor and Irwin Murdock, and Tim Wasicuna. Terry Cuthbert, George Gordichuk, George Johnston, Helen Scott, and Tom Treimble all come to us from the country. The rest of us are City Slickers.

Jerry Buzan and Richard Jupp can be found at McGregor every weekend; Brian Ogilvie at the curling rink; and Arlene Loeppky at her locker each recess waiting for T.B. Bob Olynyk and Sharon

Smith can be seen together at school and on the weekends.

Donna Lenton is the quiet girl in our room. Anthony Buck is the toothless wonder of X-I. Joe Kalajeski is the boy in our room who seems to be girl shy. Susan Spence is an ardent gum chewer and a cheerleader.

It's too bad that Wayne Egan can't get on the good side of Mrs. Edmondson.

Craig Kirkland (Winky) always has an argument with Miss Crewson. The Connor brothers, Gary McCowan and Andy Stevens always have their homework done.

Our room reps are Mervin McCorrister and Sharon Smith.

President's Message

Linda Parrott IXA

As the school year of 1963-64 draws to a close, I am deeply honoured to have this chance of writing the Presidential Message to you, my fellow students. I consider my experience as the President of the Grade Nine Literary Society an exciting challenge that I shall never forget.

First year high-school has been a big change for us and the welcome we have received from the senior students quickly made us feel a part of P.C.I. During this past year we have enjoyed being fully accepted in the senior activities. For this reason, I, on behalf of the grade nines would like to extend

a hearty "thank you" to the X, XI, and XII executive for including us. Our year's activities were highlighted by the successful School Spirit Week, which was well received by the student body. The good spirit and fellowship of the hard-working grade nine Literary Society has made this year a successful one and I'd like to thank them all for their cooperation.

In closing, I would like to express our appreciation to Mr. Metcalfe and our teachers for their help and guidance throughout the year, and to wish my fellow students "good-bye" in the years to come.

GRADE IXA — ROOM 39

Specializing in top marks is Judy Bill,
 Realizing that Carolyn may catch up to her still.
 Beth and Barbara are our gossiping pair
 While preparing for class, Evelyn combs her hair.
 Louise and Calvin are said to be in love,
 And Bob Creed helpfully gives them a shove.
 Neil and Grant all day long compete,
 Though in humor Tim has got them beat.
 Murray Moffat awaits his Nancy to call,
 And all recess long they talk in the hall.
 Lorraine Rey has become a prize musician,
 While being an architect is Jim's ambition.
 As she hurries to class, she ties up her horse.
 Then a late locker door slams, it's Pat Roberts
 Of Course.
 Nine A's ringleader, whose name is Brian,
 Over Anne Carver he sits a sighin'.
 Murray Cumberland and Bob down the hall go
 reading,
 With head down low Michael passes them speeding.
 Patti Grant, our sports-minded doll,
 For and over six-footer she searches the hall.
 Our conscious worker is curly locks Kal,
 And Marilyn McLeod is our chariot gal.
 Rushing to class before the bell,

Is our room rep. Lorne, whose really swell.
 Ken Quiring, without his new glasses is blind,
 While in Nick's cafe, Janis Dyer, you'll find.
 Raymond and Joyce have flaming red hair,
 For whipping up cones Rosemary has a flair.
 Dorothy White and Lana are bosom buddies,
 At home and at school they study their studies.
 Melva, is a room rep. out girl with a lively smile,
 And for intellectual information it's Tyson you
 should dial.
 And next among our list is our president and editor,
 Who always, always everywhere can be seen
 together.
 Linda 1st girl president is the one that all girls
 crave,
 Our short, dark haired lass presently goes with a
 guy Dave.
 Dorothy V. the one of us who constantly chatters,
 Besides her being quite a chic, she's editor of the

 And so completes our little list of people in our
 class.
 With Miss White our home room teacher who
 hopes we pass.

GRADE IXC – ROOM 207

These are the two room reps, Donna Batters and Michael Yublonski, writing to you from X C. Our leader is Miss Fraser. Like every popular room, we have a gab corner. At the beginning of the year, this consisted of: Janice Baker, Roger Pettipas, Karen Young, Joyce Woods, Pat Metcalfe, Bob Wilson, Harry Robinson, Brenda McCleary, Bill Boucher, Rob Burton and Bev Warrance.

There are three people who say they despise one another. Their initials are Bob Boyer, Barbara Barnett and Durwin Buchy. Our new arrival at the beginning of the year was Ken Forkytza. Lorraine Davidson is treasurer of the Lit. Society. Don Wilkie is the shortest boy in the room and Terry

Skinner is the "shy one". Bill Davies water skis. Bob McClelland plays football and hockey.

Romance blossoms everywhere says Dianne Clements, Sharon Stronski, Gerry Kruk, and Gail Kerr.

Kids who hail from the farm are: Connie Gray, Arden Carroll, Susan Brownridge and Lynn Smith. Those from the port are: Allan Steup, Cynthia Hendricks, Doug Wheller and Elaine Sexsmith. Allan Roberts leads in class controversies. Sandra Paton is active in sports.

So ends our little report from that well-known class IX-C. We are also happy to announce that Barbara Barnett is reforming.

GRADE IXD — ROOM 203

Our IXD class has a population of thirty-seven angelic students, although our teachers may say with saddening expressions, that we are devils. Our room-reps. are Brian Harrison and Donna Batters. On a Monday morning, everyone wanders to his locker at ten to nine. Susanne (Suds), Carol, and Bonnie, are always scared to open theirs because everything may fall out. By 9:05 everyone is in the room except for a few stragglers who were busy flirting with a girl or boy. By the middle of the first space, half of our giddy class is sleeping, and it takes only our teachers' sweet voices to awaken them. Our first period usually ends with Leonard and Miss Saxton in a fiery argument about an off-the-track subject in Literature, or Willy, the class clown, cracking some joke!

During the long day, our class hears from the more talkative few. These are: Delwyn, Paulette, Leonard, Bonnie, Carol, Willy, and Gary (Gary recently nick-named Miss Quinn a 'hurricane').

The quieter ones are Ruthie, Bob H., Linda M., Diane S., Shirley S., Shirley F., Colleen M., and Bob D. Then Rae, Sandra B., or Cathy may catch the boys' eyes by continually walking up to the front of the room to throw paper in the basket.

So, the day drags on with the usual detention, argument, etc. By a quarter-to-four, everyone is wondering if that well-loved bell will ever ring! Finally, when the gong does go, everyone stampedes out the door, thus ending another hectic Monday in IXD!

BACK ROW: Larry Williams, Morris Murdock, John Day, Bailey Colon, Frank Gowler, Percy Gregoire, Larry Case, Dave Addison, Bob Grayer, Roy Ross, Larry Wiebe, Charles Sing.

ACTIVITIES

Social Report

by Jodee Carmichael.

October—With the gym in pink and white, the grade nines were honoured at the annual Freshie Dance. Laurel Ward was chosen Freshie Queen for '63-'64, and her Princesses were Christine Middle-ditch and Rennie Burton.

November—A basketball dance was held in honour of our victorious Pats and Trotters. All proceeds went to the two teams.

December—Green and red streamers, two decorated Christmas trees, and the music of Brooker's Bomb-shells all helped to make this year's Christmas Dance a huge success. The highlight of the evening was the crowning of Miss and Mr. P.C.I. Taking the honours this year were Brenda Muirhead and Harvey Andres. Brenda's princesses were Florence McIvor and Judy Ezzard, while runners-up for Mr. P.C.I. were Bo McMillan and Mo McLeod.

January—To bring an end to the high-school bon-

spiel, a curling dance was held on January 15th. Many students from out of town rinks attended and a good time was enjoyed by all.

February—A Valentine's Dance was held on the 14th of this month. Red and white streamers and red hearts on the walls served as decorations. Proceeds from this dance went to the Tatler.

March—Arrangements have been made for an Easter Dance to be held the Friday exams are over. The gym will be decorated in mauve and yellow.

Definite plans have not yet been made for April, May, and June, but it is hoped that a Spring Prom will be held. Because Grad. is to be in the fall, a Graduation Dance will not be held but there will be a farewell dance. Whatever the plans may be for the remaining three months of the school term, I am sure the dances will be as successful as the first five have been.

School Spirit Week

For the second year in a row, the School Spirit Week met with success with full participation of the Student Body and teachers. The Week of hi-jinks was highlighted by a "Slave Day" and a "Student Teachers' Day". "Spirit Week" was held from February 10 to 14.

Monday was "wear a tie" day when the students forsook the casual sport-shirts and blouses for many different varieties of ties.

"Sock Day" was held on Tuesday when students and even some teachers padded the halls in decorated socks and beaded moccasins.

"Slave Day" was the theme for Wednesday with the students running errands, carrying books, and doing anything else which was their teacher's slightest wish. Students also paid homage to the teachers and principal with a deep bow every time they passed the office. Students not fulfilling this order

were prosecuted in the specially constructed stocks. Other events of the day were wheelbarrow and numerous other races consisting of the teachers, their slaves, and many candid cameras.

Thursday afternoon saw a basketball game between the Pats, attired in football helmets, and the Trotters, attired in boxing gloves. The Trotters were the victors.

Friday was "Student Teachers Day" when the grade XI and XII students took over from the teachers during the afternoon classes and conducted the classes. Also, the principals and secretary's jobs were taken over by students. This week ended with a Valentine's Dance.

The School Spirit Week was termed as highly successful with hopes of continuation in future P.C.I. years.

Elections

Lost but not forgotten are the exciting days last fall when the students of P.C.I. organized their student government. The candidates in order:

	Parti Rouge	Collegians	Reformers
President:	Don Brennan	Gordie Hoover	Vaughan Greenslade
Secretary:	Linda Guichon	Lauren Patterson	Susan Coates
Editor:	Terry Campbell	Penny Owens	Brenda Muirhead
Sub-Editor:	Dennis Owens	Peter Ward	Ethel-Anne Gorai
Treasurer:	"Mo" McLeod	Harv Andres	Jan Green
Social Editor:	Jo-Dee Carmichael	Lesley Paterson	Leslie Parrott
Boys' Sports Editor:	Larry Roberts	Graham Jones	Larry Addison
Girls' Sports Editor:	Tamara Greenlay	Frankie Little	Addie Rynbach
Reporter:	Bill Hamilton	Larry Muirhead	Jim Rennie
Pianist:	Nyall Ross	Brenda McLeod	Alice Pelk
Campaign Manager:	Terry Gunnlaugson	Larry Duprey	Bo McMillan

These people were first nominated, among others in each room, and then the final nominees were chosen at a room representative meeting.

That meeting was held on Friday, September 28th. On Wednesday, October 2nd, the candidates were drawn up into their respective parties. The Campaign officially got underway on Monday, October 5th, when the posters were raised in the school corridors. On the following Thursday, platforms were presented to the student body by the Campaign Managers and nominees. Then, on Friday, October 11th, activity

climaxed with the parade and the election of the Student Council.

Election week was not, however, as bureaucratic as it sounds above. Poster Parties at night, collecting, or dispensing supporter tags at school and constant yelling kept the fun-filled campaign at a hectic pace. This year a rally for all the parties was held — one after-four with all parties represented in the Play House Theatre. A special matinee showing of "Lawrence of Arabia" followed.

AUTOMATION and EDUCATION

by Terry Campbell (M.S.T.A. Area Runner-up)

Automation—the technique of making a process or system automatic. Education—discipline of mind through study or instruction. This is a brief summary of my topic for today—the problems involved when automation meets education.

It was once said that there is never a change to the new without disruption of the old, and this changeover promises to alter our leisure, our job training, our education, more profoundly than anything in our experience.

However the story does not begin nor end here. To make full use of the capabilities of automation, we must strive to obtain a better, more complete, and more specialized system of education, for without education and training, automation has no fulfillment.

This fact struck home to me when I began to mull over ideas for this speech. I realized then that I too could be greatly affected by automation. What will happen if, after a total of 21 years schooling, I find that a scientist has developed a machine which can do my job more efficiently? Am I to be obsolete at 27? To find an answer to this question was not easy. I had to do some research and deep thinking before I arrived at a satisfactory answer.

The first question I asked myself was — why has there been such an upsurge of automation? Possibly the main reason is the cold war. The search for new weapons for defence and warning and now the space race is continued with wartime urgency. This need has spawned vast new industries employing thousands of scientists, engineers, and technicians. These industries produce only one main product—change.

Another reason for the switch too is the desire for the fulfillment of man's old dream—abundance for all and the banishment of poverty. Perhaps a more selfish outlook would be that man has a wish for a higher standard of living and that he will go to any lengths to ensure himself an easier life with more leisure time. Nevertheless, it is safe to say that automation has decreased the work week and is responsible for more advanced products. Without the aid of automation, many of the things we accept without question, such as cars, television, and radio would never have come into the prominence they enjoy today.

However, with this great change to automation, comes a change in the employer-employee relationship. Instead of the man looking for the job, the job now looks for the man. For example, an aviation firm in Southern California scoured one hundred and twenty-five universities last year but could

obtain only about one-third of the fifteen hundred professional men it needed. But the same company last year also turned away 137,000 job applicants who lacked the required education or skills. Thus, the need for a new type of worker, halfway between the old unskilled labourer and the college graduate is emerging, and the best way to ensure a steady supply of this type of worker is through a stepped - up educational system.

Actually, there are three main ways by which education can help solve the automation system. The first is retraining. The want ads teem with urgent appeals for engineers, for fibre technologists, for opticians, data systems analysts, and programmers. But what use are these to a man who knows only welding? Thus it is the responsibility, yes and the duty, of industry to retrain its employees to meet the growing demands of automation. If industry can successfully carry out its parts of the education of new workers, then some of the stress on the unemployment offices will be relieved.

However, the cruelest burden of all is being visited on a segment of the young—those people aged sixteen to twenty-one who dropped out before they finished high school Uneducated and untrained, they are increasing the people nobody wants. Perhaps if the schools they attended had had more technical training courses, these people could have become useful, independent citizens. Thus we come to the second demand placed on education. It must provide a high school system which will allow us to turn out those supporting technicians who are so urgently needed. If the high school system can supply these workers, then it too will have done its in overcoming the unemployment created by automation.

Finally, the third media of education which can further the fulfillment of automation is the university level. In the future, we can look for more graduate engineers and scientists than graduates from the humanities and arts faculties. These scientific graduates will find open arms awaiting them to carry out the ideals of automation.

Thus, from all these points, I conclude that no one should really fear automation as long as there is education to counteract the balance. Although the old Industrial Revolution took some one hundred fifty years to reach its fulfillment, it eventually provided more jobs than it destroyed. Men were able to cope with it through education and training. So it is today with automation. Just give it time, and remember that automation is a movement and not a condition, and education a voyage and not a harbour.

THE DORCAS SOCIETY

This year, once again, the students of P.C.I. made a contribution to the Dorcas Society. This donation was made in two forms: a collection of toys and a cash donation.

These toys were collected under the guidance of Mrs. Sykes. Many of the students contributed used toys, games, dolls, books, and numerous other forms of entertainment for children. Other students devoted time to making clothes for several dolls which were purchased by the school.

Still others made sock dolls and filled Christmas stockings.

Through the work of these students a large collection of children's Christmas gifts was given to the Dorcas Society.

A silver collection was taken up in the classrooms. Proceeds from this collection were turned over to the Dorcas Society.

CAREERS DAY

"A vocation is like the foundation walls of a life building." More and more, P.C.I. students seem to be realizing the need for a good career. The increased number of students taking part in this year's Careers Day is proof enough of the growing interest in carefully-selected careers.

On February 28th, in the wee hours of the morning, five busloads of Grades XI and XII students left for Winnipeg. Each student was able to participate in two tours which he felt would benefit him the most.

The tours were varied and well-organized.

In the morning tours were made to Manitoba Institute of Technology, Brooklands, United College, Teachers' College, Grain Exchange, Success Commercial College, and the Manitoba Free Press.

The afternoon visits were any faculty at the University of Manitoba, Great West Life, St. Boniface, General Hospital, Deer Lodge, and Manitoba Telephone System.

Buses were waiting at Polo Park at the end of the day to transport the weary but enlightened students and their teachers back to Portage.

A special note of thanks to Mrs. Sykes and the other teachers who gave time to work hard towards making Careers Day such a successful venture this year.

The P.C.I. students are thankful for an opportunity to see careers in action.

DRAMA FESTIVAL

STANDING: Wendy Tufford, Sue-Lynn Hinds, Penny Owens, Peter Ward, Brenda Muirhead.

After winning for the best junior play "Hello Out There", at the Manitoba Drama Festival held in Dauphin last year the P.C.I. Drama Club began its second season in high spirits. In October, the executive was elected, and the following officers chosen: President — Peter Ward, Vice-President — Penny Owens, Corresponding Secretary — Brenda Muirhead, Recording Sec. — Wendy Tufford, Treasurer — Sue-Lynn Hinds.

By becoming a member of the Manitoba Drama League, the Drama Club was able to secure experienced people from Winnipeg to provide us with workshops. Under the capable direction of Miss Norrie Duthie, we held three workshops on acting, lighting, and make-up. This led to the production of our second annual Drama Festival, held on February 20th and 21st.

The four one-act plays enacted were:

"STILL STANDS THE HOUSE"

"Still Stands the House" produced by Dennis Owens and Brenda Muirhead: starring Bernard Clayton, Mary Ann Gibson, Dolores Wooley, and Dennis Owens; teacher adviser — Mrs. Gibson. Stage Manager was Adam Brown and Costume Consultant was Patricia Buechler.

This story concerns a dispute over the selling of a family farm. The husband hates to admit defeat, and his wife wants to sell the farm, while his sister positively refuses to move from her hallowed house. The ensuing conflict results in tragedy.

DRAMA FESTIVAL

"THE VOICE OF THE PEOPLE"

"The Voice Of The People", produced by Nyall Ross, starring: Linda Cameron, Bill Hamilton, Larry Muirhead, Donna Ashe; teacher adviser — Mrs. McIntosh. Stage Manager was Terry Eadie.

This comedy tells of a man who jumps to conclusions when he sees a proclamation in the paper stating that small business prices are too high. The story brings out the faults of four completely different people.

DRAMA FESTIVAL

"SORRY, WRONG NUMBER"

"Sorry, Wrong Number" produced by Lorna Leader and Elaine Christianson, Starring: Wendy Tuford, Charles McGowan, Cheryl Bosworth, Ed McRae: teacher adviser—Miss Penner, Stage Manager was Mr. Black.

This is the story of an invalid who inadvertently hears the plans for her own murder. Her fruitless attempts to obtain help from others result only in frustrating indifference and lead to a suspense-filled climax.

"DOPE"

"Dope", produced by Terry Campbell, starring: Peter Ward, David Addison, Terry Gunnlaugson, Susan Coates, Joy Gilbert, Christine Middleditch, Larry Duprey, Beverley Kennedy, Georgia Busby, Brenda McLeod, Linda Parrot; teacher-adviser—Miss McMichael. Choreography was done

by Alice Pelk and Stage Manager was Ron Sawchuk.

This play deals with the problem of a young dope addict who begins to question his "life." After discovering that his younger sister has also become an addict, he struggles against dope, against his "pusher", and against his life. Tragedy results.

DRAMA FESTIVAL

The plays were adjudicated by Mr. Will Dickson of the Manitoba Drama League, who chose for best actor — Peter Ward, best supporting actor — Bill Hamilton, best actress — Linda Cameron, best supporting actress — Delores Wooley, best play — “Dope,” best setting — “The Voice of the People.” Mr. Dickson also praised the excellent spirit of our Drama Club. The winning play, “Dope”, will be performed in May, at the Drama Festival in Virden.

The Drama Club wishes to thank all the stagehands, make-up people, staff advisers, and town

people who assisted in producing a most successful Drama Festival.

This year the Drama Club has added such improvements as fine new cupboards for storing costumes, and a collection of festival-approved plays for the library. We also sent a donation to the Manitoba Drama League scholarship fund. It is our sincere hope that the talented Drama Club will continue in this success and eagerness of which P.C.I. can well be proud.

Pats

Once again Ralph Rowley gave generously of his time and patience in training the girls so ably that they brought honour to their school by not only placing first in the Zone Seven League but by also winning the tournament at Shilo in February which gave them an undisputed birth in the Provincial Tournament at Winnipeg during Easter week. Ralph was given excellent assistance by Jan Green.

The Zone Seven League consisted of four teams: Rivers, Minnedosa, Neepawa, and Portage. The Pats lost only one game in league play.

The highlight of the season was the annual P.C.I. Tournament, which was attended by Rivers, West-

wood, Norwood, and Portage. Unfortunately the Pats lost out to Westwood in the finals. Mr. Metcalfe presented a plaque to the winners.

The girls enjoyed a very harmonious season and wish also to extend their thanks to Mrs. Rowley, who has played a very important part in the morale of the team.

I anticipate even greater success for the Pats next year and wish to extend my best wishes for the 1964-1965 season.

TROTTERS

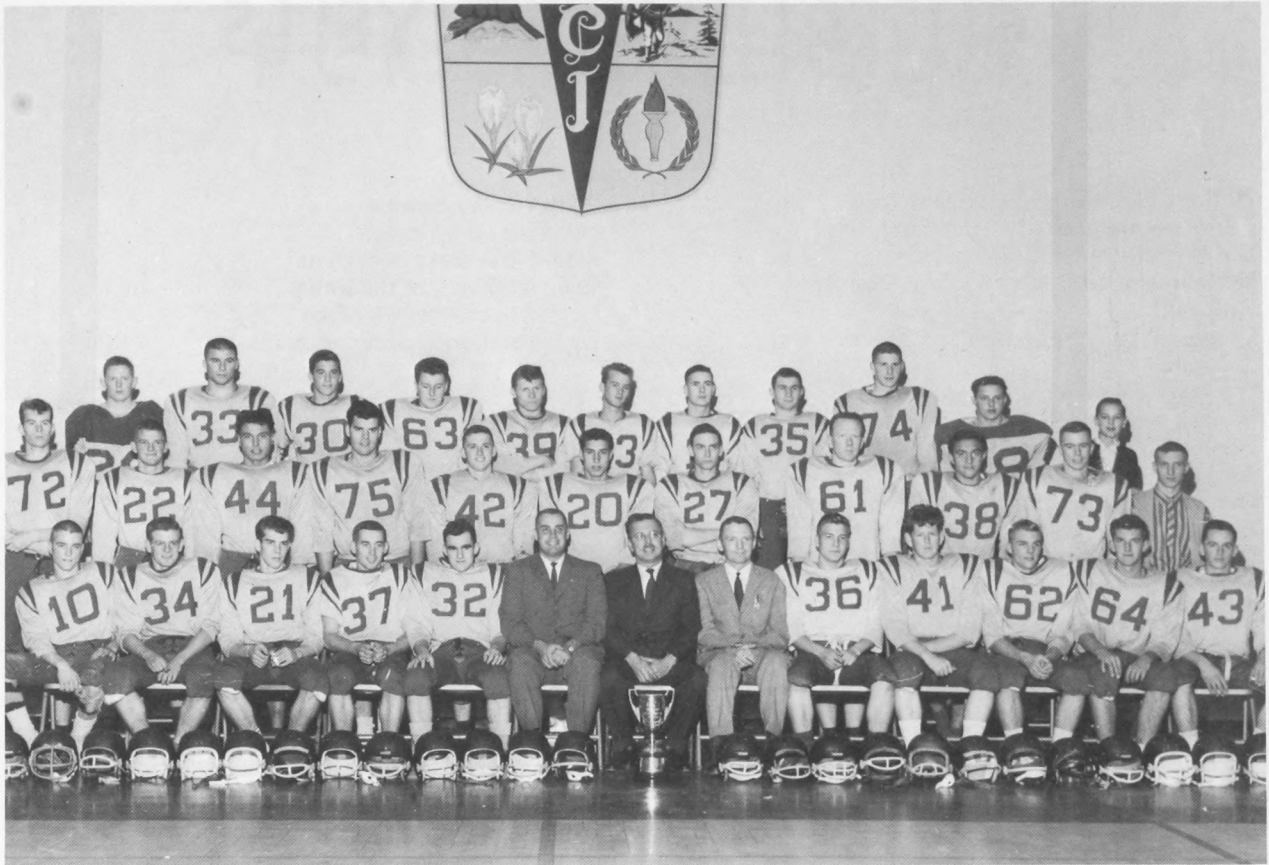

Able coached by Mr. Fred Smith, the Trotters compiled an impressive record in their zone, not losing a single game.

After winning the provincial "B" trophy last year, the Trotters were after it again this year.

Unfortunately, they were beaten by a single point by Lowe Farm, the eventual winners of the trophy.

The Trotters wish to thank the students for their support this year.

Trojans

The Trojans opened the season with a 13-7 win over MacGregor in an Exhibition Game at Portage. Their next game was the league opener against St. John's-Ravenscourt which ended in a tie game (13-13). Trojans won other games by defeating St. James Jimmies with scores of 7-6 and 9-6. The Trojans defeated St. John's in their next meeting with a score of 14-7. These victories gave the P.C.I. Trojans the Cloverleaf High-School Football Title. In another game the Trojans travelled to MacGregor where they came out with a 35-13 victory.

The Trojans then travelled to Brandon where they met the Dauphin team for the Rural Manitoba High-School Football Championship. The Trojans won this game with a score of 20-0. After

the games the Trojans were presented with the Johnson-Hutcheson Memorial Trophy.

The Trojans then advanced against the Sisler Spartans for the Provincial High-School Title. The Trojans were defeated 31-0. All team members and coaching staff were presented with team jackets by the merchants of Portage la Prairie. Individual

P.C.I. CHEERLEADERS

Leslie Parrott, Alana McIntosh, Lana Hughes, Pat Buechler, Ian Middleditch, Susan Coates, Hazel Swain, Susan Brooker, Linda Clark.

The belles of P.C.I. for '63-'64 rang out in the trusty Cheerleading troop. The girls and "Cuddles" (I am) faithfully supported the Trojans, Pats, and Trotters when basketball rolled around. Between games, this gang found time to lead the election parade, to banners and crests for games, and to decorate the auditorium for the Portage Basketball Tournament. These troopers also decked out the float for the Santa Claus Parade. So, as a pat on the back, the group managed the Canteen to raise money for new sweaters. The highlight of the happy season for the Cheerleaders and Janpattro was the Shilo Cheerleading Competition where the noisy squad placed third out of seven groups. This year also, Janpattro was very lucky in obtaining his own home — a glass cage in which he sits in the auditorium hall. Now, the Cheerleaders would like to express their gratitude to the Student Body for giving them opportunity to don their garb. The group hopes that the Collegiate enjoyed the season as much as they enjoyed cheering for the students.
